

Title: Workshop on Social Innovation and Entrepreneurship

Description: Workshop by E Cell and Hult Prize Campus Director on the importance of social entrepreneurship and how to impact the climate with positive initiatives.

Name of event: HULT Information Seminar

Date: 17-18th September , 2019

Venue: TEQIP 101 and IT Seminar Hall , Salt Lake Campus

Brief description of event: 2 info seminars were conducted at Salt Lake and Jadavpur campus to make people aware about the Hult problem statement, and to motivate them to work on green business ideas that can lead to a cleaner and greener planet with every revenue earned. Past Hult winners also shared their Regionals and On Campus experience vividly and motivated the students to work on their own idea.

Shuvayan Datta , a member of the team which won the 2017 edition of the HULT Prize ON-Campus round shared his experience of the ON-Campus and the Regionals round of the competition and made the enthusiasts realize the importance of participating in the event and the need to bring about a change through this.

Abhishek Gupta , a member of the team that won the 2019 edition of the On-Campus round too shared his experience of the same and talked about his own idea and the experience of pitching in front of an esteemed judges' panel.

Other core members of the JU E-Cell too shed light on various aspects such as the rules of participation ,the origin of ideas and the kind of experience gained from such events.

A question/answer session was conducted at the last to clear off basic queries of the enthusiasts.

Conducted by: Core Members of the Jadavpur University Entrepreneurship Cell
