

# HacknPitch

**Date:** 29th February 9am to 1st March 3:30pm

**Venue:** School of Mobile and Computing centre , Salt lake campus, Jadavpur University

**Brief description of the event:** HacknPitch ,the first ever 30 hour hackathon at Jadavpur University , under the annual E-SUMMIT 20 organized by JUECELL .The aim of the event was to encourage the college students to develop an ideas of “Smart Traffic Management” and “Blood Bank on the Move”.

Students from various colleges of Kolkata and from our institution were asked to solve two problem statements in this whole session of 30 hours. The theme of the problem statement were: Smart Traffic Management and Blood Bank on the Move. The whole event was in association with Here Technologies and Incubate India.

The competition was broken into two checkpoints :

1)On 29th February 5:30pm : a non elimination /mentorship point where mentors suggested on whether to improve/ build on an idea.

2)On 1st March 11 am : an elimination point where top 6 teams were given flag pitch their ideas. Top 2 participants got the exciting cash prize of twenty thousand.

WINNERS: IOTron Solutions, ETCE NOOBS.

RUNNERS UP : Team WINNERS

Rest These two teams : PseudoAutomata & Code2XL are qualified for final round of pitching.

**Dignitaries ( if any /Judges):**

- Mr. Ankush Chatterjee ( alumni of Harvard business school, Director of Productfolio Management , South Asia)
- Mr. Sabyasachi Mukhopadhyay (Google Developer Expert & Co-founder of Twelite Kokata Lead, Facebook Developer circle)
- Mr. Ketan Patil (Data operations Project Lead, HERE Technologies)
