

# Event Report

Organised by : JU E-Cell, IIC

**Title of the Session:** How to become the best in the world - Power talk by internationally acclaimed leadership coach

**Date and Time of Organization:** 5:00 - 6:30 pm, 17.02.23

**Venue:** Jadavpur Campus, Mechanical Engineering Building, Seminar Hall

## **Brief Intro of Program:**

What separates one person from another? The answer is simple - hard work and perseverance. Internationally acclaimed leadership coach Soumitra Chatterjee believes that given the right mindset, guidance, and tools, anyone can achieve whatever they want to become, just like the best in the world. In his session, Chatterjee focuses on teaching students to turn potential and fear into actionable steps. He also helps students unlock their leadership potential by teaching them the importance of creating and nurturing relationships. Chatterjee also teaches effective communication skills, goal setting, time management and decision making. With his guidance and wisdom, students can learn to make a plan, stay accountable and have the confidence to succeed. Following his session, students will be able to reach for the stars and become their best selves.

**Speaker:** Sri Soumitra Chatterjee

**Faculty Coordinator in Charge:** Prof Pranibesh Mandal

## **Detailed Report:**

Mr Soumitra Chatterjee spoke about a range of topics, such as the steps to reach excellence, being open to learning, taking risks and more. The session was highly engaging, as the attendees were eager to discover how they can become the best versions of themselves in their respective fields.

The coach highlighted the importance of setting high standards of excellence in order to achieve success. He encouraged the participants to take small steps and make incremental progress that will ultimately lead to big results. According to the coach, defining ones' objectives and coming up with strategies to achieve them can improve one's level of commitment and dedication. Moreover, he suggested creating a positive environment where everyone works together towards common goals.

The coach encouraged the attendees to have a lifelong learning mindset. He explained that having the desire to learn and improving one's skillset is key in order to become the best in the world. To do this, he suggested seeking out advice from mentors and experts in the field, engaging in meaningful conversations and reading books. He argued that studying the achievements and failures of successful people can be inspiring, motivating and help us attain our own goals.

In order to succeed and become the best in the world, the coach suggested taking calculated risks. He argued that taking risks can create new opportunities and open doors to a more successful and fulfilling life. He emphasized the importance of having a positive attitude towards failure and to be willing to try out different approaches in order to find solutions.

The coach concluded the session with a reminder that success is not a destination but a journey. He encouraged the attendees to stay focused, remain persistent, and keep learning in order to become the best version of themselves. The session was inspirational, as it opened up new perspectives and showed us that we too can reach our full potential by following the right steps.
